Medical Research Fund

1915-16

October 13th, 1915

Dr. McPhedran,

151 Bloor Street West,
Toronto.

Dear Dr. McPhedran:

I am concluding my report for the Governors for the year ending June 30th, 1915, but I have nothing for the Medical Research Fund. There ought to be something inserted about the work of the year, but Mackenzie is not back, and yesterday in answer to an urgent cable from Roberts we are allowing him to accompany the Hospital to the Mediterranean. Can you suggest any way of our having a report that will do something like justice to the work of last year?

Yours sincerely,

President.

November 4, 1915.

My dear President Falconer:

I enclose you a brief abstract of the research work, and also the reports which I have received from the various workers, as you may desire to extend the report considerably.

I regret being so long in sending it to you, but the delay was unavoidable for two reasons:

First, the delay in getting these reports from the workers, and

Second, the pressure of work on my own hands.

Yours sincerely,

President R. A. Falconer,

Toronto University,

Toronto.

November 5th, 1915

Dr. A. McPhedran,

151 Bloor Street West,

Toronto.

Dear Dr. McPhedran:

I am directed by President Falconer to thank you for the trouble you have taken to prepare the Statement of the Research Work done last year. The President is inserting it in his Report in the form in which you sent it.

Yours very truly,

President's Secretary.

Dear Miss Patterson:

As promised, I enclose you a paragraph regarding Bruce Macallum's work to put in the President's annual report.

Yours sincerely,

Miss Patterson,

President's Office,

University of Toronto.
